Tells Incoherent Story to Wife After She Finds Him on Porch Today.

By The Associated Press
MINERAL CITY, O., Sept. 15.—Harvey E. Hicks, 34-year-old chemist for the Federal Clay Products Co., who for a time was feared killed in an explosion last week in the warehouse of the company, was found today on the front porch of his home.

He was dazed and told his wife he had been kidnaped. A physician was summoned to the New Philadelphia jail to treat Hicks before officials began their questioning.

"He appears in bad condition," Sheriff Laird said.

Deputies from Sheriff Abe Laird's office at New Philadelphia took Hicks into custody and expected to question him after he had recuperated.

Deputies went to the Hicks home, directly across the street from the explosion scene, after a telephone message had informed them that Hicks had returned. They found him in the house and immediately placed him under arrest.

FOUR BATTLE IN RAIN IN GOLF SEMI-FINALS

Winners Will Clash for U. S. Amateur Championship Honors.

By The Associated Press
NEW YORK, Sept. 15.—SKIES were cloudy and rain fell in a downpour over the links at the U. S. Amateur golf tournament today under way at the United States Golf Club at Westchester.

Four matches for improvement were played, with Max R. Miller of Philadelphia, Texas, and J. H. Minger, Dallas, Tex., the winners of the first round.

Miller, Jr. of New York, and Lawson Little of New York, were paired in the second round.

Miller, Jr. came back to the hole in one, while Little made a bogey.

Miller, Jr. led twice on the 18th hole, but Little made a bogey.

Miller, Jr. made a bogey on the 19th hole, while Little made a bogey.

FIRE DESTROYS AUTO

Machines Collide at Cozy Inn On Delaware Highway.

Six young people escaped with minor bruises in an automobile accident in which a large sedan was burned and roadster badly damaged, about 1:15 a. m. today three miles south of Marion on the Delaware pike.

Four of the five injured persons, Miss Martha Davis of West Columbia street, Miss Elizabeth Washburn of near Meeker, Starling Tennant of near Meeker and Carl Cudd of 783 Woodrow avenue, were in a sport roadster driven by Cudd. The fifth person, Vernon Willis, 24, of Delaware was in a Buick sedan with another man whose identity is not known.

The four in the roadster were treated for bruises at the City hospital and released immediately. Willis was released this morning after being treated for a head bruise that rendered him unconscious for a short time.

According to the account given by one of the occupants of the roadster, Cudd, the driver, was backing out of the parking space at Cozy Inn, a lunch room on the pike. They saw the sedan coming from the north and Cudd stopped the roadster, expecting the driver of the approaching car to swerve out and pass. Instead the roadster was hit broadside.

Aid of Police Is Enlisted in Hunt for Missing Boy

A Bennett street family, worried over the disappearance of a 15-year-old son, missing since Monday afternoon, appealed to police this morning for aid in their search.

The boy, William Hartle, son of Mr. and Mrs. T. P. Hartle of 1029 Bennett street, left his home Monday at 3 p. m., his mother told police, and was to meet his sister, Dean, 26, uptown.

The sister waited for the boy, who never appeared, she said this morning. The only trace of him since that time that the family has been able to find was a report from another boy who had seen William in the vicinity of the State theater Monday night.

The parents are at a loss to explain the boy's disappearance. "He is a good boy," his sister said this morning. "He seemed interested in his school, which opened Monday morning and had bought part of his books."

The family has talked with nearly every acquaintance with whom the boy had been seen recently but was unable to learn of an reason for his leaving home.

William is five feet four inches tall, his mother told police, weighs about 130 pounds, has a light complexion and dark brown hair and is wearing a blue shirt, blue trousers, blue overalls, a blue sweater and black oxford shoes when he was last seen.

He had entered the sophomore class in the Edison building in Oakland Heights.

POULTRYMEN NO BARBERS IN SIGHT TO ORGANIZE

Small Dealers Will Seek State-wide Code of Fair Competition.

INITIATIVE IS TAKEN HERE

Write NRA Leader for Suggestions; Meet Next Thursday Night.

Country poultry dealers residing in Marion and vicinity will take the initiative in attempting to form a statewide organization of poultry dealers in an effort to stamp out, through united effort, all unfair competitive practices among dealers.

This was agreed last night by representatives of dealers in Marion and a number of adjoining counties at a meeting in Hotel Harding last night after they had discussed some of the obstacles that might fall in the path of their movement.

Write Johnson
To clear up some of the questions that might interfere with their plans, the dealers present drew up a letter to General Hugh S. Johnson seeking opinions on a number of matters.

Confident, however, that their plans for a statewide organization will not meet with any serious obstacle, the dealers fixed next Thursday night as the date for a district-wide meeting of dealers in Hotel Harding.

The organization of dealers, effected two weeks ago when C. W. Sowers of Lexington was named president, will be named next Thursday night, and by-laws to govern the association will be submitted to the dealers. Secretary George Underwood of Marion said. It also is expected that definite plans for extending the organization into all parts of the state will be discussed.

STOLEN AUTOMOBILE DESTROYED BY FIRE

Bucyrus Car, Taken by Thief in Marion, Found in Flames Along Highway.

A Hudson coupe, owned by David Rogers of Bucyrus and stolen here early this morning, was found shortly afterwards burning in a ditch on the Hillman-Ford road, north of Marion.

Deputies from the sheriff's office were called but could find no trace of the thief, who is thought to have failed to make a turn onto the Hillman-Ford road and to have fled when the car was wrecked and destroyed. The ruins were brought to the McDaniel Motor Co. garage here.

The car was found near the Scioto bridge on the Hillman-Ford road. In a report of the theft to police, Rogers said the car was stolen from West Center street.

SQUIRRELS FACE BAD DAY AS HUNTERS TAKE TO FIELD

Today was a bad day for squirrels, as an estimated number of more than 1,000 Marion county residents took the field on the opening of the squirrel hunting season.

The season, which will close the night of Oct. 1, has aroused intense interest in recent weeks and nimrods have spent days in culling guns and repairing equipment.

Ideal hunting weather, crisp and cool, prevailed today, giving the nimrods cheer for a banner take.

Sales of licenses this week have leaped magically over sales of recent weeks, according to County Clerk Clark Haberman and hardware dealers who handle licenses.

Since Wednesday morning, Haberman has issued 90 licenses, he reported today, with a total of 170 sold up to that time. Greater reports of increases were made by other dealers over the county.

Fewsters were signed by O. E. Fewster of Freepoint, deputy game warden, to observe the law providing a gun.

First Hunting Victim Reported

ATHENS, O., Sept. 15.—Mark Jenkinson, widely known in southeastern Ohio as a boxing promoter, was the first victim of the hunting season, in this district. Small shot from a gun in the hands of a companion, struck him in the right knee and arm. The wounds are not serious.

Warnings of Tropical Hurricane Are Broadcast Along Coast.

By The Associated Press
CHARLESTON, S. C., Sept. 15.—Taking no chances, Charleston and other ports along the Carolina coast dug in today against an expected but unwelcome visitor—a tropical hurricane.

A weather bureau warning said the storm was moving last night northwestward from 400 miles off Florida and was expected to center on the coast in the vicinity of the North and South Carolina line early today.

Warnings were broadcast along the Virginia coast, and the state government urged that they were heeded.

WHITE URGES ACTION ON TAX MEASURES

Recommends Passage of Bills To Help Solve Delinquency Problem.

By The Associated Press
COLUMBUS, O., Sept. 15.—In special messages to the legislature today, Governor White again recommended passage of bills to authorize the appointment of county treasurers as receivers for delinquent real estate to collect delinquent taxes and to authorize deductions from official salaries to pay delinquent levies on their property.

Such bills were presented at the regular sessions of the legislature by Senator Wallace S. Rapp, Democrat of Hamilton county. The governor urged their passage in a special message, but they were defeated.

Necessity for such legislation, the governor said, was due to the heavy delinquency in real estate taxes which had increased \$45,000,000 during 1932 to a total of \$112,000,000 this year.

"A result of this condition, to wit, the heavy delinquency in real estate taxes, is that the state is unable to pay its bills," he said.

Turner said a one per cent tax on the Columbus company's stock would be equal to a tax of 2 1/2 per cent on its net which he said was less than 1 per cent.

Utilities, Turner said, are unable to pay additional taxes on to consumers' except through higher rates, and if additional taxes were levied on utilities they would be defeated.

The NRA, Turner declared, had no objection to additional taxes on utilities as well as on other industries.

He said the legislature had no objection to the proposed utility tax pending decision of the legislature on adjournment.

CHAIN STORE LEVY LOOMS

White Threatens To Veto Any Bill Appropriating Money.

By The Associated Press
COLUMBUS, O., Sept. 15.—Adjournment steps today taken by the state legislature to adjourn today to the week school, the special session of the Ohio legislature, adjourned today to the week school.

With the defeat of the proposed one per cent sales tax by the house yesterday by a vote of 26 to 85, the adjournment to the week school, the special session of the legislature, adjourned today to the week school.

In a final gesture, however, to raise additional revenues to fill the coffers of the state treasury from which \$100,000 would be taken for the week school, the special joint taxation committee held what was described as its "final round."

Its session lasted until early today but produced only one revenue raising measure, that to impose a tax of \$2 a gallon on all medicinal liquor of more than 32 per cent alcoholic content.

A bill to tax chain stores, which had been recommended for passage, designed to raise at least \$200,000 a year, this bill would put a tax of \$3 a year on each single chain store; \$10 each on stores in groups of two to five; \$15 for from six to 10 stores; \$20 for from 11 to 20 stores and \$25 each on all stores over 21.

Another bill on the bill was planned today and it was predicted the vote needed for approval would be forthcoming. The vote last night was six in favor and two against, with two members absent.

One of the missing members was reported as favorable to the tax. Today the committee also was to consider a tax on utilities—gas, light and telephone companies.

While the rates in this tax have not been set, it has been suggested they be either one per cent or 1.50 per cent, with a \$50,000 exemption for the smaller telephone companies.

Defeat of the sales levy after bitter debate in which newspapers generally were criticized for opposing it, brought a statement from Governor White that "the legislature has expressed its disapproval of a sales tax, I am patiently awaiting their program."

Gives Veto Warning
This word, together with the chief executive's warning that he would veto any bill which appropriated \$300,000 without funding additional funds to replace it in the treasury, caused considerable comment in the senate.

Republican members of the senate caucused and decided to let the chair fall where they may. Senator Earl Lewis, Republican of St. Clairsville, minority floor leader, declared his side of the house would cooperate with the Democrats, but "the Democrats will have."

ENGINEER STARTS MAIN ST. SURVEY

Highway Official Taking Preliminary Steps in Improvement Project.

A survey of North Main street from George street to Copeland avenue was started yesterday by W. H. Cameron, resident engineer for the state highway department.

The survey, ordered by the highway department, in another step toward the proposed resurfacing and possible widening of Main street.

Assurance that this improvement will be on the fall program of Ohio road projects in which federal and state funds will be used was given Marion several weeks ago when C. W. Merrill, highway director, placed the proposed improvement on the calendar for a fall letting.

This proposed improvement will join a section of Main street from Copeland avenue north to the junction of state route 4 and federal route 23, just north of Marion. The section already is surveyed, and scheduled for widening, and officials have announced.

When the survey of the section inside the city limits has been completed, it will be used as a basis for making plans for the improvement.

ARMED REVOLT LOOMS IN CUBA

Army Post Joins in Break from Rule of New Administration.

PRESS SOUNDS WARNING

12 American Mine Officials Are Held by Striking Employees.

By The Associated Press.
HAVANA, Sept. 15.—A Havana newspaper today, calling upon the new government of President Ramon Grau San Martin to recognize the "lack of popular warmth" for the regime faced an armed outbreak in a neighborhood province and rumors of an impending movement were circulated. El Mundo declared that "all commercial activity of the country is paralyzed, national credit has suffered extraordinarily and unless we rectify this situation today the government will fall through a process of asphyxiation."

As the country operated under a "constitution of independence" which placed common welfare above individual rights, strikes grew throughout the island.

A former army captain, Fernando Aran, led a group of armed civilians which persuaded an army post at Consolacion Del Sur to join in a revolt against the government. Troops were dispatched from the capital to quell the uprising after the rebels fled to the hills.

Official Optimistic
Despite the newspaper's warning, government officials were optimistic regarding the financial situation, saying a decrease in tax collections was to be expected due to the disturbed condition and that they expected to pay employees salaries fully, Oct. 30.

The government based its hopes of ending the widespread strikes on the promise of an eight-hour day and a minimum wage scale throughout the country.

The capital itself was threatened with another food shortage as the administration heard rumors of other armed resistance and tightened the lines about 500 former army officers still besieged in the National hotel.

Fighting and bloodshed, mutiny and rebellion were abroad as President Grau San Martin announced a plan calling for "absolute independence and national sovereignty." A "perfect adjustment of political and economic interests" and general elections for a constitutional convention.

Warehousemen were on strike in Havana. Already prices have soared because of this.

Americans Held
Employees of the Havana Electric railway here were at odds over the allotment of work, and officials said the situation was not encouraging.

In Cristo, 12 American officials of manganese mines were held as virtual prisoners by striking employees. The American consul from nearby Santiago surveyed the situation today.

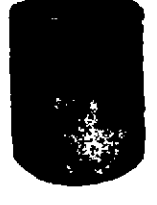

The situation at the National hotel was acute. Telephone wires to the hotel were cut. Motorists were not permitted to stop near the building. Whether any American guests remained inside could not be learned.

TEA ARRANGED FOR CONVENTION GUESTS

Marion women, together with other delegates and visitors to the annual state convention of King's Daughters to be held at Marysville Oct. 3, 4 and 5, will be guests at tea on Wednesday afternoon at the Ohio Reformatory for Women. The tea is scheduled for 3 o'clock and Mrs. L. M. Mittendorf, superintendent, has arranged a tour of the institution.

Entertainment for the afternoon will include a musical pageant, "The Courtship of Miles Standish," to be given by the girls of the reformatory.

Here's Something About Star's Next Serial Story

Will the relatives or friends of Jimmy Riddell, Redell or Randall communicate with the Cottage Hospital, Elston? This man was found unconscious and is believed to be a survivor of the wrecked coastal steamer Alice Arden. He appears to be suffering from loss of memory.

It was this most ordinary message—frequently in the personal columns and police news—that started the strange train of events in "Outrageous Fortune," the new serial by Patricia Wentworth, starting in The Star, Wednesday, Sept. 20.

The apparent victim of a marine accident was brought to the hospital, unconscious, but not badly hurt, obviously in a deep coma but mumbling incoherently of emergencies, murder, plotting and an indistinct name that led him to be tagged as Jimmy "Riddell, Redell or Randall." The only clue to his identity was the laundry mark "R" on a shirt.

Claimed As Her Husband
Nesta Riddell appeared at the hospital almost immediately after the authorities made their appeal. She was left alone with the unconscious man a few minutes, heard

hundred dollars short with the all-moment.
It is a heartbreaking disappointment to marry a man for his money, and then find that the only way you can get it is to take it from him in the form of alimony. Every economist agrees that a woman should receive a man's wages—but it takes a divorce lawyer to tell her how to separate him from them.

Now and then you find a famous prima donna, a wealthy debutante or a hardworking business woman who seems to ask for alimony. Not because she is too proud or too noble, but because she knows that by the time they had finished arguing about it she would probably be leading him the cat's paw to get back home, and paying him a bonus to stay there.

On the other hand, a wife who demands two-thirds of a man's income after two months of married life, may be prompted entirely by sentiment. No woman wants to be forgotten! And the surest way to make a man remember you forever is not to touch his heart, but to touch his pocketbook.

However, now that two Chicago women have been ordered to pay alimony to their respective husbands, it looks as though the men may soon stand a chance of getting an even break.

Someday it may be the damsel earning a fat salary check who will have to mind her p's and q's in order to protect her income from a designing husband, who may marry her only to enjoy an easy life on alimony—the wages of sin.

Funny thing about these modern lovers. Old-fashioned lovers used to vow to cling to each other forever and ever. Modern lovers promise faithfully not to cling to each other one moment after the thrills are over. They step to the altar with their fingers crossed and one eye on the divorce lawyer.

They have no sporting spirit. But if the fear of alimony is helping to keep the Great American Husband in the straight and narrow path, then perhaps I should not feel such hearty sympathy for the payers of alimony as I sometimes do. Copyright, 1933, King Features Syndicate, Inc.

Daily Guide to Health

BY DR. ROYAL S. COPELAND.

Preventing Recurrence of Styes.

"WHAT A PITY you have a stye. It is sure to return regularly for at least seven years."

Such was part of a conversation I overheard in a trolley car the other day. The victim's eyelid was swollen and on it was a discharging sore. There was no doubt the trouble was a stye, but there was great doubt in my mind as to the necessity for recurrence if the proper treatment should be administered.

If you have ever had a stye you will agree with me that it is one of the most annoying and really distressing afflictions of the eye. It is unpleasant to look at and difficult to endure.

The disturbance is often attributed to some disorder of the blood. In reality it is an infection of one of the glands in the margin of the eyelid.

The victim first notices a redness of the eyelid. The lid begins to swell and from day to day the inflammation increases in severity. The swelling grows greater and a yellowish spot appears on the margin of the lid.

After a few days the small abscess ruptures by itself and the pus escapes. The swelling then subsides, the pain disappears, and within a few days the patient has no discomfort.

Hot boric acid solution should be applied to the afflicted eye. The solution is repeatedly applied with bits of sterilized cotton, keeping the temperature of the liquid at hot as the best thing to do. It encourages the pus to escape, and encourages the lid to heal.

One of the favorite prescriptions for local application is one per cent yellow oxide of mercury ointment. This is applied to the lid margin in the morning with warm boric acid solution. If pain persists and the swelling does not subside it is important that you consult with your physician.

Unfortunately the patient is so relieved when the pain disappears that he is careless and pays no further attention to his eyes. As a result, the infection reappears and he is again the victim of this unpleasant ailment. The second infection may be more stubborn and this time it may be necessary to have the abscess incised.

Lack of cleanliness and rubbing the eye with dirty fingers leads to this annoying infection. It is most common when the body is in a weakened condition because of lack of sleep, wrong eating, or some chronic disorder of the body.

If the eyes itch and bother you, bathe them in a cool solution of boric acid. If you read a great deal and suffer from eyestrain, it is best that you consult an expert. It may be you require glasses, or if you have glasses, you should make sure to wear them whenever necessary. Bear in mind that properly prescribed glasses insure normal vision and prevent any unnecessary strain on the eyes. They help to preserve eye health.

The Marry-go-Round

BY HELEN ROWLAND

ARE THEY AFRAID?

Are American men and women afraid of each other?

They are, says Miss Shellah Graham, young writer from England. American husbands and wives first prize as faithful and devoted spouses. That, says Miss Graham, is because they are afraid of alimony and the almonies.

Collecting alimony has been America's most popular national industry for the last few years. No chivalrous man dares to marry a trusting little woman, these days, unless he has sufficient money to pay her the alimony to which she is looking forward.

The greatest shock of many a sweet young girl's life is to discover that the man who promised at the altar to "love and cherish" her forever, in a week late or a

hundred dollars short with the all-moment.
It is a heartbreaking disappointment to marry a man for his money, and then find that the only way you can get it is to take it from him in the form of alimony. Every economist agrees that a woman should receive a man's wages—but it takes a divorce lawyer to tell her how to separate him from them.

DELICIOUS CEREAL

OVERCOMES COMMON CONSTIPATION

ALL-BRAN Provides "Bulk," Vitamin B and Iron

Kellogg's ALL-BRAN meets a basic need of the American diet. It supplies "bulk"—so helpful in correcting common constipation. In eleven years, ALL-BRAN has won millions of satisfied users.

New tests show added reasons for the success of ALL-BRAN. Laboratory experiments prove that, in addition to "bulk," it provides vitamin B to help tone the intestinal tract.

The headaches, loss of appetite and energy that so often result from constipation can be overcome by this pleasant cereal. How much better than using pills and drugs.

ALL-BRAN is mild. Its "bulk" is much like that of lettuce. Within the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Two tablespoons daily are sufficient to overcome most types of constipation. Chronic cases, with every meal, if not relieved this way, see your doctor.

Another benefit of ALL-BRAN is that it has twice as much blood-building iron as an equal amount by weight of beef liver.

Serve as a cereal, or use in cooking. Tempting recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

MANSFIELD MAN
TALKS AT GALION

Special to The Star
GALION, Sept. 15—Honorable
John F. Kramer of Mansfield was
the principal speaker for a pro-
gram of the Men's brotherhood last
night at the Peace Lutheran church
with M. G. Nungesser in charge.

During the business session in
charge of James Smith it was de-
cided to hold a Sunday school rally
on Nov. 5 in connection with the
anniversary of the birth of Martin
Luther.

PAIR SHOOT 38 IN
CADDIES' TOURNEY

Special to The Star
KENTON, Sept. 15—John Jester
and Harry Smith, shooting a 38 on
the nine-hole Spring Grove course,
set the pace for contenders in the
caddies' golf tournament, advancing
to the semi-finals by defeating
R. Temple and D. Stuck, re-
spectively. Other first flight con-
tenders in the semi-finals today are
A. Arnett and C. Boyle. Finals of
play will be held Sept. 18 and 19.

NOT IN YOUR
LIFETIME

... WILL YOU EVER AGAIN SEE THE COST OF
MAKING GRAPE Jams AND Jellies SO LOW!

Grapes—the last fruit crop of the
season—are coming in! . . . So put up your
jams and jellies now before prices rise!

What a opportunity—if you act at once! Sugar prices are
on the way up. Grapes are abundant. All jelly-making
materials are down in price . . .

So get busy now and stock your jam cupboard to over-
flow with those jams and jellies your family loves!

With Certo and the Certo recipes it is so easy! Certo, you
know, cuts your boiling time for jellies to only one-half
minute, and jams rarely require more than one minute.
Remember Certo, you can make a complete batch in 12
minutes—less from the time your fruit is prepared!

And the Certo short-boil method gives you half again
more jam from the same amount of fruit. And better-
tasting jam and jelly, too. Because none of the fruit juice,
or the fine, fresh fruit flavor, has time to boil away.

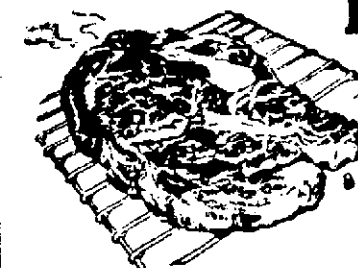

Don't wait until prices rise. Remember—grapes are
the fruit crops. Get your grapes, sugar, and Certo
—a product of General Foods.

4

**Reasons
FOR ALWAYS USING
CERTO**

- 1 Reduces boiling time.
(Jellies take 1/2 minute.
Jams rarely more than a
minute.)
- 2 Saves the fresh fruit flavor.
- 3 Half again more jam.
- 4 99 Fail-Proof recipes
live with every bottle.
